Raising a child with special needs is not easy. Our journey has been filled with many unexpected stops along the way. I have seen things and been to places

I never would have imagined I ever would be. I have sat in the front of an ambulance racing down the highway, I have walked into IEP meetings to a standing room only

atmosphere and I have slept more often than not on my child's bedroom floor. As bad as some days are however, I cherish the good days. These are days filled with laughter, excitement and happiness. These are the days we look back on and know how blessed we are. As Kelsey starts transitioning into adulthood we have more good days than bad ones. Unlike the start of our journey when we felt lost and confused we know that we will be able to get up day after day and

continue on our way with the help of the many people we have by our side. We will start each day with farm fresh eggs and be able to face whatever comes our way. Cherish Sourcebooks, Inc.  This is a story of two people in love faced with almost insurmountable life challenges. She is a nurse stricken with breast cancer. . . . he is a renowned cardiovascular surgeon mourning the loss of his wife and son They each had traveled life=s path until, in the midst of tragedy and despair, they found each other and their love. From the beginning, there was a magnetism between

them. He felt it and admitted it. She felt it and denied it. Then, within three years of each other, her husband and his wife passed away. She believed it was destiny, their destiny. But fate interferes. Her cancer returns and she feels hopeless and helpless. He wants to marry, but she doesnt know if she will live or die. She wants to set him free; to give him a chance to meet someone else. In desperation, she flees. Would she have gotten involved with him, she wonders, if she knew

this was the way it would end? She remembered standing in front of the mirror taking stock of herself. She remembered running her hands down over her body wondering: Would he know? If he touched her, could he tell which breast was fake, which was real? She remembered the little voice crying out inside of her to cancel that first date. Should she have listened? No. There was no resisting his magnetism. She was drawn to him like a moth to a flame. He finds her

and brings her back home but then suffers a near-fatal brain injury in a boating accident. And so, Andreas life is turned upside down once again. Alone and lonely, Andrea begins the long, arduous journey through the maze of emotional and physical upheavals she must face. Forced to follow life's bumpy road, she learns the true meaning of love. *The Kindergarten for Teachers and Parents* Notion Press
Gary Thomas, pastor and bestselling author of *Sacred Marriage*, believes

that one simple word can bring hope, light, and life into any marriage: Cherish. Most marriages survive by gritting teeth and holding on. But what if surviving marriage wasn't the goal? What if we aimed to thrive instead? In *Cherish*, Thomas teaches us that although there are a countless number of marriages consisting of two people just going through the motions, there are real ways this pattern can be reversed: when husbands and wives learn to cherish one

another in their everyday actions and words. The way we treat something acknowledges whether we cherish it or hold it with indifference or contempt. To truly cherish something is to go out of our way to show it off, protect it, and honor it. We want others to see and recognize and affirm the value that we see. Thomas reminds us that in a world desperate for marriage redemption, the act of cherishing is needed now more than ever. Cherishing your spouse will elevate your

marriage relationally, emotionally, spiritually, and even physically. You will set different goals for your relationship, and you'll see your marriage with fresh eyes. Through personal stories, real-world examples, and timeless biblical truths, Thomas shares the tools you need to turn your marriage around, including: Using your mind to change your heart Sacrificing for your spouse Praying with intentionality Prioritizing your life partner Through the biblical act of

cherishing, we can empower our spouses to become who they are called by God to be, and in the process to become more of who we are called to be, creating a marriage that feels more precious, more connected, and more satisfying. If you're ready to revolutionize your relationship, it's time to learn how to truly Cherish it.

Mohun, or The Last Days of Lee and his Paladins

In the fall of 2013, while

at a crossroads in life after a divorce, Aaron Lauritsen, did what many of us dream of doing but few ever will, he put his problems in the rearview mirror and headed out the door. After selling his business and all his possessions, he and his trusty K9 companion, Athena-bear, jumped in his Toyota pick-up truck, then ventured into the heart of North America for a road trip to end all road trips. Because he hoped that by getting lost out there he would somehow find himself again, he left

without a plan or even a map, then for one hundred glorious days journeyed the continent carefree, via secondaries that were not only off the beaten track, but that were often all but forgot. On them he traversed some 30,000 zig-zagging miles through thirty eight of the lower forty eight states and seven of the ten Canadian provinces. And yielded in the process for an untold number of encounters weaved by confronting personal fears, history, worldly cities, eccentric people

and adventurous activities. The real prize afforded by the time, distance and space however, was his spiritual awakening. Follow along as he paints that epic voyage of discovery and experience the same unexpected serendipity that awaited them around each bend of the open road.

Although World War II began as a war in Europe, many in the United States, foreseeing the inevitable, began to

prepare for war, putting no faith in the Neutrality Act. Preparations for war, essentially ending the Great Depression, affected the entire country, with Virginia particularly playing a major role. More than one million service men and women came to Virginia. The sheer scope of the military development in Virginia of the Army, Navy, Coast Guard and Air Force, providing training bases and support facilities, underscores the national resolve to be prepared. The book

includes the Civil Air Patrol, wartime industry, POW camps, U-boat attacks, the Beach Patrol and other Virginia-related topics.

Tomas Sedlacek has shaken the study of economics as few ever have. Named one of the

"Young Guns" and one of the "five hot minds in economics" by the Yale Economic Review, he serves on the National Economic Council in Prague, where his provocative writing has achieved bestseller status. How has he done it? By arguing a simple, almost heretical proposition: economics is ultimately about good and evil. In *The Economics of Good and Evil*, Sedlacek radically rethinks his field, challenging our assumptions about the world. Economics is

touted as a science, a value-free mathematical inquiry, he writes, but it's actually a cultural phenomenon, a product of our civilization. It began within philosophy--Adam Smith himself not only wrote *The Wealth of Nations*, but also *The Theory of Moral Sentiments*--and economics, as Sedlacek shows, is woven out of history, myth, religion, and ethics. "Even the most sophisticated mathematical model," Sedlacek writes, "is, de facto, a story, a parable,

our effort to (rationally) grasp the world around us." Economics not only describes the world, but establishes normative standards, identifying ideal conditions. Science, he claims, is a system of beliefs to which we are committed. To grasp the beliefs underlying economics, he breaks out of the field's confines with a tour de force exploration of economic thinking, broadly defined, over the millennia. He ranges from the epic of Gilgamesh and the Old Testament to the

emergence of Christianity, from Descartes and Adam Smith to the consumerism in *Fight Club*. Throughout, he asks searching meta-economic questions: What is the meaning and the point of economics? Can we do ethically all that we can do technically? Does it pay to be good? Placing the wisdom of philosophers and poets over strict mathematical models of human behavior, Sedlacek's groundbreaking work promises to change the way we calculate economic value.

us that God's love is unconditional."—Debbie Macomber California's gold country, 1850. A time when men sold their souls for a bag of gold and women sold their bodies for a place to sleep. Angel expects nothing from men but betrayal. Sold into prostitution as a child, she survives by keeping her hatred alive. And what she hates most are the men who use her, leaving her empty and dead inside. Then she meets Michael Hosea, a man who seeks his Father's heart in everything.

Michael obeys God's call to marry Angel and to love her unconditionally. Slowly, day by day, he defies Angel's every bitter expectation, until despite her resistance, her frozen heart begins to thaw. But with her unexpected softening comes overwhelming feelings of unworthiness and fear. And so Angel runs. Back to the darkness, away from her husband's pursuing love, terrified of the truth she no longer can deny: her final healing must come from the One who loves her

even more than Michael does . . . the One who will never let her go. A powerful retelling of the story of Gomer and Hosea, Redeeming Love is a life-changing story of God's unconditional, redemptive, all-consuming love.

She's back. Molly Ivins,

our most perceptive, outrageously funny political commentator, has given us an uproarious new book. In *Nothin' But Good Times Ahead*, Ivins proved that no one has a steadier gaze or a quicker trigger finger, as she hits the bull's-eye in such targets as George Bush, Bill Clinton, Camille Paglia, the Clarence Thomas hearings, and the ethics-twisting, English-slaughtering pols of her beloved Texas. Here's Molly on: The 1992 Republican Convention:

"Many people did not care for Pat Buchanan's speech; it probably sounded better in the original German." Texas politics: "Better than the zoo, better than the circus, rougher than football, and even more aesthetically satisfying than baseball." Gibber Lewis, former House Speaker of the Texas State Legislature: "He once announced, 'This is unparalyzed in the state's history.'" Another Gibberism: "It could have bad ramifistations in the hilterlands."

If there are such things as cocaine gods, they're blessing Problem left and right. His clientele and his riches are growing by the day, but so are his troubles. Cherish is growing tired of hardly ever spending time with her man, and Problem has to take the good with the bad. Along with mo' money, comes mo' problems. He's seeing a part of the game that he never wanted to see, including people being

gunned down right in front of him. He isn't the only one with the love for a dollar and the determination for a come up, but when his mother's life is put in danger and his daughter is violated, another side of Problem is unleashed and he's out for blood. Cherish is confused and angered by the hold that Italy has over her best friend Brit. What baffles Cherish, is the fact that Brit knows Italy is poison, but she still can't seem to let go. Fed up with watching her best friend spiral out of control,

Cherish dishes out some tough love, but it's an act that she will later regret. After suffering a loss that brings back the same pain she felt when she lost her brother, Cherish becomes broken. Cherish and Problem are both going through hell and rather than coming together, they seem to cope by pushing each other away. Lives are lost and some relationships will never be the same. Who will survive in this explosive finale?
