The world still needs heroes. Are you with us? Enter the first-ever original novel for Overwatch, the worldwide gaming sensation from Blizzard Entertainment ! In the technologically advanced African city of Numbani, in the not-so-distant future, humans live in harmony with humanoid robots known as omnics. But when a terrorist tries to shatter that unity, a hero named Efi Oladele rises! Efi has been

making robots since she was little -- machines to better her community and improve people's lives. But after she witnesses Doomfist's catastrophic attack on the city's OR15 security bots, Efi feels the call to build something greater: a true guardian of Numbani. While Doomfist sows discord between humans and omnics, Efi engineers an intelligent and compassionate robot, Orisa, named after the powerful

spirits who guide her people. Orisa has a lot to learn before she's ready to defeat Doomfist, but Efi has some learning to do, too, especially when it comes to building -- and being -- a hero. With Doomfist rallying his forces, and the military powerless to stop him, can Efi mold Orisa into the hero of Numbani before it's too late? This action-packed novel features the fan-favorite characters Efi, Orisa,

Doomfist, and Lúcio in an all-new, original story straight from the minds of the Overwatch game team and critically acclaimed author Nicky Drayden! *Seven Tears at High Tide* Del Rey

The brand-new official Minecraft novel is an epic battle for survival! When humans enter the End, a pair of endermen must decide which side they're really on. For as long

as they can remember, the twin endermen Fin and Mo have lived in the mysterious land of the End. On the outskirts of the great enderman city of Telos, they explore ancient ruins under the watchful gaze of the mighty ender dragon. They have everything they need in the end ship they call home, and know everything there is to know about their world—or so they think until the

strangers from another dimension arrive. The invaders are called humans, and they've come to steal artifacts and slay the ender dragon. Fin and Mo are ready to protect their home from the trespassers, but when they come face-to-face with the humans, they discover that they aren't as prepared for battle as they'd thought. Caught off guard, the twins are trapped in the

middle of a war between the endermen and the humans, with the future of their home at stake.

Macmillan One of The Telegraph's Best Music Books 2011 Alex Ross's award-winning international bestseller, *The Rest Is Noise: Listening to the Twentieth Century*, has become a contemporary classic, establishing Ross as one of our most popular and acclaimed cultural

historians. *Listen to This*, which takes its title from a beloved 2004 essay in which Ross describes his late-blooming discovery of pop music, showcases the best of his writing from more than a decade at *The New Yorker*. These pieces, dedicated to classical and popular artists alike, are at once erudite and lively. In a previously unpublished essay, Ross brilliantly retells hundreds of years of music history—from

Renaissance dances to Led Zeppelin—through a few iconic bass lines of celebration and lament. He vibrantly sketches canonical composers such as Schubert, Verdi, and Brahms; gives us in-depth interviews with modern pop masters such as Björk and Radiohead; and introduces us to music students at a Newark high school and indie-rock hipsters in Beijing.

Whether his subject is Mozart or Bob Dylan, Ross shows how music expresses the full complexity of the human condition. Witty, passionate, and brimming with insight, Listen to This teaches us how to listen more closely. *The Hero of Numbani (Overwatch #1)* Simon and Schuster There's no time to enjoy his newfound stardom. triumphantly from World War I. They had spent more time in combat than any other American unit, never losing a foot of ground to the enemy, or a man to capture, and winning countless decorations. Though they returned as heroes, this African American unit faced tremendous discrimination, even from their own government. The Harlem Hellfighters, as the Germans called them,

fought courageously on—and off—the battlefield to make Europe, and America, safe for democracy. In THE HARLEM HELLFIGHTER S, bestselling author Max Brooks and acclaimed illustrator Caanan White bring this history to life. From the enlistment lines in Harlem to the training camp at Spartanburg, South Carolina, to the trenches in France, they tell the heroic story of

the 369th in an action-packed and powerful tale of honor and heart. *I Should Be Writing* Createspace Independent Publishing Platform The sea holds many secrets. Kevin Luong walks to the ocean's edge with a broken heart. Remembering a legend his mother told him, he lets seven tears fall into the sea. "I just want one summer—one summer to be happy and in love." Instead, he finds

himself saving a mysterious boy from the Pacific—a boy who later shows up on his doorstep professing his love. What he doesn't know is that Morgan is a selkie, drawn to answer Kevin's wish. As they grow close, Morgan is caught between the dangers of the human world and his legacy in the selkie community to which he must return at summer's end.

HarperCollins Take flight with the ender dragon in this official Minecraft

novel! When a desert town is threatened by illager raids, a young adventurer turns to a newborn dragon to save her home. Zetta is the best potion-maker in the village of Sienna Dunes. Okay, maybe she's the only potion-maker in the village of Sienna Dunes. And maybe her potions don't exactly work like they're supposed to all the time. But when her village is menaced by a pack of

illagers, only Zetta can see that the traditional ways won't keep Sienna Dunes safe anymore. Zetta journeys to her eccentric aunt's workshop outside town to search for an answer and finds a lot more than she bargained for. A mysterious egg hatches into a scaly creature with purple eyes, black wings, and poisonous breath. It can't possibly be the mythical ender dragon . . . can it? And if it is, can

Zetta raise it to be the savior her village needs? The threat of the illagers is growing fast, and Zetta's accidental dragon is growing even faster. With the help of her two best friends and her daydreaming little cousin, Zetta must train the scariest (and scaliest) baby in the Overworld. But when the dragon is fully grown, will it save Sienna Dunes? Or will it spell the village's end? Quest Mode
