BECKER SAWYER

Foundations of Mariachi Education Oxford University Press

In Boyle Heights, gateway to East Los Angeles, sits the 1889 landmark "Hotel Mariachi," where musicians have lived and gathered on the adjacent plaza for more than half a century. This book is a photographic and ethnographic study of the mariachis, Mariachi Plaza de Los Angeles, and the neighborhood. The newly restored brick hotel embodies a triumphant struggle of preservation against all odds, and its origins open a portal into the Mexican pueblo's centuries-old multiethnic past. Miguel Gandert's compelling black-and-white images document the hotel and the vibrant mariachi community of the "Garibaldi Plaza of Los Angeles." The history of Hotel Mariachi is personal to Catherine López Kurland, a descendant of the entrepreneur who built it, and whose family's Californio roots will fascinate anyone interested in early Los Angeles or Mexican American history. Enrique Lamadrid explores mariachi music, poetry, and fiestas, and the part Los Angeles played in their development, delving into the origins of the music and offering a deep account of mariachi poetics. Hotel Mariachi is a unique lens through which to view the history and culture of Mexicano California, and provides touching insights into the challenging lives of mariachi musicians.

Cool Million Jones & Bartlett Learning
In March 1968, thousands of Chicano students walked out of their East Los Angeles high schools and middle schools to protest decades of inferior and discriminatory education in the so-called "Mexican Schools." During these historic walkouts, or "blowouts,"

World Music Pedagogy, Volume IV:

Instrumental Music Education provides the perspectives and resources to help music educators craft world-inclusive instrumental music programs in their teaching practices. Given that school instrumental music programs—concert bands, symphony orchestras, and related ensembles—have borne musical traditions that broadly reflect Western art music and military bands, instructors are often educated within the European conservatory framework. Yet a culturally diverse and inclusive music pedagogy can enrich, expand, and transform these instrumental music programs to great effect. Drawing from years of experience as practicing music educators and band and orchestra leaders, the authors present a vision characterized by both real-world applicability and a great depth of perspective. Lesson plans, rehearsal strategies, and vignettes from practicing teachers constitute valuable resources. With carefully tuned ears to intellectual currents throughout the broader music education community, *World Music Pedagogy, Volume IV* provides readers with practical approaches and strategies for creating world-inclusive instrumental music programs.

What will it take to create a more gender-balanced workplace? If you read nothing else on leadership and gender at work, read these 10 articles by experts in the field. We've combed through hundreds of articles in the Harvard Business Review archive and selected the most important ones to help you understand where gender equality is today--and how far we still have to go. This book will inspire you to: Better understand the path women must take to leadership Learn the root causes of the barriers that exist for women in the workplace Check your own gender biases and distinguish between confidence and competence in your colleagues Manage a more effective gender-diversity program Recognize the issues women face when speaking up about bias or harassment Help women reenter the workforce after taking time off--and create opportunities for them to reach their ambitions. This collection of articles includes "Women and the Labyrinth of Leadership," by Alice H. Eagly and Linda L. Carli; "Do Women Lack Ambition?" by Anna Fels; "Women Rising:

The Unseen Barriers," by Herminia Ibarra, Robin Ely, and Deborah Kolb; "Women and the Vision Thing," by Herminia Ibarra and Otilia Obodaru; "The Power of Talk: Who Gets Heard and Why," by Deborah Tannen; "The Memo Every Woman Keeps in Her Desk," by Kathleen Reardon; "Why Diversity Programs Fail," by Frank Dobbin and Alexandra Kalev; "Now What?" by Joan C. Williams and Suzanne Lebsack; "The Battle for Female Talent in Emerging Markets," by Sylvia Ann Hewlett and Ripa Rashid; "Off-Ramps and On-Ramps: Keeping Talented Women on the Road to Success," by Sylvia Ann Hewlett and Carolyn Buck Luce; and "Sheryl Sandberg: The HBR Interview," by Sheryl Sandberg and Adi Ignatius.

Program Notes Cambridge University Press
"It was 2005, and I was sitting in a large ballroom with over a thousand other music educators in the convention center for the Music Educators National Conference in Minneapolis, Minnesota, when we were told that music education was in crisis. Student enrollment in music classes like band, choir, and orchestra were dropping at an alarming rate nation-wide. Music educators were going to lose their jobs if they could not figure out ways to attract students into their classrooms. The message was clear: we needed to start considering all types of alternatives such as guitar, music technology, Mariachi, blue grass, rock band, song writing, music theory, hand bells-any type of music class that would attract students and save jobs"--

"Here's your chance to learn Hollywood screenwriting from writers who've made the big bucks. In Cool Million, Sheldon Woodbury asks eleven seasoned veterans to recount their experiences of studio woe and blockbuster success. These interviews combine with his own insights, built from years of teaching dramatic writing at New York University, to make this book an

indispensable tool for your million-dollar dreams."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Billboard Oxford University Press, USA
Music and Coexistence:A Journey across the World in Search of Musicians Making a Difference is both study and travelogue, as author Osseily Hanna explores the courageous work of musicians who compose and perform with their ostensible enemies or in extraordinary social situations. He documents the political and economic constraints faced by musicians, from the wall that encloses a refugee camp in Jerusalem, to the tensions among KFOR and Carabinieri peacekeepers who keep Serbs and Kosovar Albanians apart, to the cultural and linguistic suppression that afflicts minority communities in Turkey.

Department of the Interior and Related Agencies Appropriations for 2000 Teachers College Press

This book examines the long, complex experience of American involvement in irregular warfare. It begins with the American Revolution in 1776 and chronicles big and small irregular wars for the next two and a half centuries. What is readily apparent in dirty wars is that failure is painfully tangible while success is often amorphous. Successfully fighting these wars often entails striking a critical balance between military victory and politics. America's status as a democracy only serves to make fighting - and, to a greater degree, winning - these irregular wars even harder. Rather than futilely insisting that Americans should not or cannot fight this kind of irregular war, Russell Crandall argues that we would be better served by considering how we can do so as cleanly and effectively as possible.

Virtuoso Mariachi Cambridge University Press

Marginalized Voices in Music Education explores the American culture of music teachers by looking at marginalization and privilege in music education as a means to critique prevailing assumptions and paradigms. In fifteen contributed essays, authors set out to expand notions of who we believe we are as music educators -- and who we want to become. This book is a collection of perspectives by some of the leading and emerging thinkers in the profession, and identifies cases of individuals or groups who had experienced marginalization. It shares the diverse stories in a struggle for inclusion, with the goal to begin or expand conversation in undergraduate and graduate courses in music teacher education. Through the

telling of these stories, authors hope to recast music education as fertile ground for transformation, experimentation and renewal.

Billboard UNM Press

Community Music Today highlights community music workers who constantly improvise and reinvent to lead through music and other expressive media. It answers the perennial question "What is community music?" through a broad, international palette of contextual shades, hues, tones, and colors. With over fifty musician/educators participating, the book explores community music in global contexts, interconnections, and marginalized communities, as well as artistry and social justice in performing ensembles. This book is both a response to and a testimony of what music is and can do, music's place in people's lives, and the many ways it unites and marks communities. As documented in case studies, community music workers may be musicians, teachers, researchers, and activists, responding to the particular situations in which they find themselves. Their voices are the threads of the multifaceted tapestry of musical practices at play in formal, informal, nonformal, incidental, and accidental happenings of community music.

This book provides teachers and leaders with the skills needed to uncover each child's talents and ultimately boost achievement for gifted Hispanic students. *Interior, Environment, and Related*

Agencies Appropriations for 2010 R & L Education

This book challenges simplified claims of racial, national, and ethnic belonging in music education by presenting diaspora as a new paradigm for teaching music, departing from the standard multicultural guides and offering the idea of unfinished identities for musical creations. While multiculturalism—the term most commonly used in music education—had promised a theoretical framework that puts classical, folk, and popular music around the world on equal footing, it has perpetuated the values of Western aesthetics and their singular historical development. Breaking away from this standard, the book illuminates a diasporic web of music's historical pathways, avoiding the fragmentation of music by categories of presumed origins whether racial, ethnic, or national.

In Good Hands Routledge

Abstract: Mariachi programs have gained interest and acceptance among music educators in most regions of the United States. Successful mariachi programs are energizing students and creating positive relationships between the schools and their communities. Mariachi programs are growing as more students identify and connect with this Mexican folkloric music. An example of a flourishing mariachi program can be found in the Las Vegas Clark County School District, which has seen its program grow from 250 students to over 3,000 since 2002. Considering that the Hispanic population is expected to reach about 106 million in 2050, about double what it is today, the potential for mariachi instruction in public schools will likely follow these growing population trends. However, due to the highly stylized

idiomatic music that is mariachi, music educators not familiar with its innate teachings might hinder the art form at a pedagogical level. This research paper explores three current approaches to mariachi pedagogy in U.S. public education: informal, formal, and a hybrid approach between the two aesthetics. The hybrid approach will be the basis of rehearsal practice in preparing for "Señor Trompetas" in my graduate recital to test its efficacy to teaching authentic mariachi music.

World Music Pedagogy, Volume IV:

Instrumental Music Education Routledge

Written by a team of authors from Texas, this practical, personal, and conversational guide for aspiring and young instrumental music educators takes a comprehensive view of all aspects of building a successful school band program. Girded with important theoretical underpinnings for each topic, Program Notes covers the job interview, sequencing, conducting, rehearsal strategies, and dozens of other topics for beginning band, concert band, and marching band, as well as jazz, orchestra, mariachi, and modern band. Chapters also focus on promoting creativity, recruitment and retention, finances, communication, leadership development, working with exceptional learners, and technology. Rounding out the book are a sample handbook for students, a concert self-evaluation form, and example interview questions. The co-authors have created a resource that is designed to make the lives of young band directors better. As Denis states in the book's introduction, "Every skilled teacher has an exponential impact on the world, and I hope this book further fosters caring

people to become exceptional band directors."

Dilemmas in Educational Leadership Routledge

Latinas in the United States: A Historical Encyclopedia records the contribution of women of Latin American birth or heritage to the economic and cultural development of the United States. The encyclopedia, edited by Vicki L. Ruiz and Virginia Sánchez-Korrol, is the first comprehensive gathering of scholarship on Latinas. This encyclopedia will serve as an essential reference for decades to come. In more than 580 entries, the historical and cultural narratives of Latinas come to life. From mestizo settlement, pioneer life, and diasporic communities, the encyclopedia details the contributions of women as settlers, comadres, and landowners, as organizers and nuns. More than 200 scholars explore the experiences of Latinas during and after EuroAmerican colonization and conquest; the early-19th-century migration of Puerto Ricans and Cubans; 20th-century issues of migration, cultural tradition, labor, gender roles, community organization, and politics; and much more. Individual biographical entries profile women who have left their mark on the historical and cultural landscape. With more than 300 photographs, *Latinas in the United States* offers a mosaic of historical experiences, detailing how Latinas have shaped their own lives, cultures, and communities through mutual assistance and collective action, while confronting the pressures of colonialism, racism, discrimination, sexism, and poverty. "Meant for scholars and general readers, this is a great resource on Latinas and historical topics connected with them." -- curledup.com
