From the creator of Hellboy, Father Gaetano's Puppet Catechism by Mike Mignola and Christopher Golden is an illustrated novella that brings Twilight Zone originality to the written page In the aftermath of a critical World War II battle, Father Gaetano is assigned as the sole priest at the Church of San Domenico in the small, seaside Sicilian village of Tringale. The previous pastor has died and there is a shortage of clergy at the moment, so until another can be spared, the young priest must say all of the masses himself. Mass is not Father Gaetano's only responsibility, however. The war has created many orphans, and thus the San Domenico rectory has been converted into an orphanage which is also his domain. The children are a joy to him, but they have lost so much, and many have begun to question their faith and their God, and his attempts to teach them catechism are in vain . . . until he finds an old puppet theatre and an ornate box of puppets in the basement. Handcrafted by the building's former caretaker, now absent, the puppets seem the perfect tool to get the children to pay attention to their lessons. But after dark the puppets emerge from that ornate box, without their strings. While the children have been questioning their faith, the puppets believe Father Gaetano's Bible stories completely. But there is such a thing as too much faith. And the children's lives will never be the same again.

Rost takes us into the delightful dimension of creative catechetics, with its powerful impact on children's faith-learning. She first leads us in an exploration of our own creativity, our sense of prayer, and our own sense of discipleship. She then suggests ways to enliven the gathering space, using the children's five senses to help open them to these rich faith experiences. She offers approaches to the critical factors in preparation, presentation and procedure that make for successful empowerment of the child's faith learning. She also includes scores of practical ideas for involving primary and middle-grade children in making prayer, O helping them express their unity with God through prayer. Finally, she discusses the many resources essential to our own spiritual formation, which must go hand-in-hand with that of unfolding a vibrant faith life in children. An excellent resource to inspire, encourage and sensibly guide catechetical ministry as it is meant to be: joy-filled, revitalizing and life-impacting.

The lives of the Saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these Saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In *Saints Around the World*, you'll meet over one-hundred Saints from more than sixty countries, including Saints with different disabilities, strengths, and struggles. The beautiful illustrations and captivating storytelling will introduce you and your children to

new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God's tremendous love and our call to be saints. There are stories in *Saints Around the World* for when you feel like life isn't fair, when people are being unkind to you, when you've made a terrible mistake, when you're struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you're checking the map to find Saints who look like you or perusing the extensive indices to find Saints with your skills or struggles, you'll find countless stories in this book that remind you how very possible holiness is.

This edited volume starts from the perspectives of Beijing in how it sees that religion should serve the interests of the state. From China's viewpoint, religion should act as a stabilizing force of society, or else the Christian Churches will lose their reason for existence. This might be incomprehensible to Western Christians, who believe in the freedom of religion and their right to embrace their faith. This collection of articles represents the concerted efforts of Chinese, Italians, and an American—who live in China, Europe, and the United States and belong to different disciplines, such as History, Religious Studies, and Language Studies—to promote a better understanding of the Catholic Church in the

world and in China.
