There are no short-cuts to becoming a Witch. Traditionally, students take a year and a day to prepare for their initiation into the Craft. Based on this age-old custom, *Wicca: A Year and a Day* is a one-of-a-kind daily guide that introduces Witchcraft over a 366-day cycle. Ideal for solitary students, this intensive study course teaches the core content of Wiccan practice: the tides of time, the wonders of the seasons, the ways of herbs and magic, the mysticism of the Old Ones, and the inner disciplines of seers and sages. Daily lessons include exercises, Wiccan theology and lore, and discussions relating to circle work, magical correspondences, holidays, deities, tools, healing, and divination.

A Little Light on the Spiritual Laws

Simon and Schuster

A fun, practical and easy-to-follow guide to manifestation for a whole new generation. 'Like a best friend, Jordanna will hold your hand and guide you towards your dream life.' - Melissa Ambrosini, bestselling author of

Mastering Your Mean Girl 'Witty, practical and laugh out loud funny.' - Cassie Mendoza-Jones, *You Are Enough Everyone can manifest*. We're all doing it-every second of every day-without even realising it. For years, journalist and podcaster Jordanna Levin thought that she was psychic. She would worry about things and they would come true. But she wouldn't just worry; she would feel them, take subconscious action towards them and believe with every cell of her being that they would happen-and most of the time, they did. A broken foot, a cancelled flight, a tragic love story... the list went on. She soon realised that she wasn't just predicting the future, she was manifesting it. Until one day she changed the game. If she could manifest mishaps and disasters,

why not the things she actually wanted? In this warm and witty book, Jordanna shares her personal experiences and struggles along with her foolproof equation for manifesting whatever you desire, from your dream job to a lasting relationship. Whether you're a matter-of-fact skeptic or a somewhat hippie yoga-lover, *Make It Happen* will empower you to take ownership of your life and create anything you want.

“Madeleine’s inquisitive mind and candid voice are enough to keep us reading.”
—The New York Times Book Review
New York Times bestselling author Lene Kaaberbøl returns with her beloved protagonist Madeleine Karno—an ambitious young woman who shatters the confines of nineteenth century

France. On June 2nd, 1894, in the wake of President Marie Francois Sadi Carnot's assassination, France descends into chaos and riots in the streets of Varbourg. Many lives are lost in the mayhem, but when one lady of the night is found murdered with brutal incisions and no sign of a struggle, it is clear something is amiss. Madeleine Karno must ask herself the terrifying question: Do they have their very own Jack the Ripper in France? Madeleine is no stranger to cases such as this. Though she is a woman in forensic pathology (a career considered unseemly even for men), her recent work with a string of mysterious deaths and becoming the first female student admitted to the University of Varbroug has earned her some semblance of respect. But there's

only so much her physiology courses can do to help her uncover the mysteries of a mad scientist's brutal murders. Madeleine must do whatever it takes—investigate the darkest corners of the city and even work undercover—to track down a murderer at large. But if there's one thing the press has right about "Mademoiselle Death," it's this: it takes a woman to find a killer of women. *Witchcraft Medicine* Simon and Schuster

Completed in 1173, *The Book of Divine Works* (Liber Divinorum Operum) is the culmination of the Visionary's Doctor's theological project, offered here for the first time in a complete and scholarly English translation. The first part explores the intricate physical and spiritual relationships between the cosmos and the human person, with the

famous image of the universal Man standing astride the cosmic spheres. The second part examines the rewards for virtue and the punishments for vice, mapped onto a geography of purgatory, hellmouth, and the road to the heavenly city. At the end of each Hildegard writes extensive commentaries on the Prologue to John's Gospel (Part 1) and the first chapter of Genesis (Part 2)—the only premodern woman to have done so. Finally, the third part tells the history of salvation, imagined as the City of God standing next to the mountain of God's foreknowledge, with Divine Love reigning over all.

An in-depth investigation of traditional European folk medicine and the healing arts of witches • Explores the outlawed

“alternative” medicine of witches suppressed by the state and the Church and how these plants can be used today

- Reveals that female shamanic medicine can be found in cultures all over the world
- Illustrated with color and black-and-white art reproductions dating back to the 16th century

Witch medicine is wild medicine. It does more than make one healthy, it creates lust and knowledge, ecstasy and mythological insight. In *Witchcraft Medicine* the authors take the reader on a journey that examines the women who mix the potions and become the healers; the legacy of Hecate; the demonization of nature's healing powers and sensuousness; the sorceress as shaman; and the plants associated with witches and devils. They explore important

seasonal festivals and the plants associated with them, such as wolf's claw and calendula as herbs of the solstice and alder as an herb of the time of the dead--Samhain or Halloween. They also look at the history of forbidden medicine from the Inquisition to current drug laws, with an eye toward how the sacred plants of our forebears can be used once again.

Almost a century of research has shown that the most conscientious individuals enjoy longer and healthier lives. The crucial feature of conscientiousness is the ability to be organized and responsible, which are the traits that

contribute most positively to society in general. In this book, you will find the tools to accomplish this, which as a result will optimize your self-esteem, health, and longevity. During the 1960s, the use of transcutaneous electrical nerve stimulation (TENS) took acupuncture to a new level, revolutionizing pain management. Now the most important acupuncture advancement in 4,000 years is the activation of the hormone oxytocin, without needles or electrical stimulation. By using essential oils on acupuncture points, C. Norman Shealy, M.D., Ph.D., shows you how to create the bliss that enables you to fulfill your potential for conscientious living. Based on research of the past two decades, it is now possible for you to activate five specific

acupuncture circuits. Using different blends of natural, essential oils, you can do your own transcutaneous acupuncture—with no needles and in only 30 seconds! In this wonderfully informative book, Dr. Shealy shares many intimate details about his fascinating and inspiring life, as well as explains the science and research behind his many cutting-edge advancements in holistic medicine. Make It Happen tradition With in-depth explorations of nature magick and divination, this follow-up to the wildly successful Wiccapedia, written by the authors of that book, is a must for Wiccans. It covers everything from different kinds of witches and their practices; cosmic helpers; enhancing your magick with color; developing your

sixth sense; mastering tarot; psychic plant power, and much more. A FAQ section at the end answers the most-asked questions, and there's a eight-page color insert on pentacle magic!
