Life Of Pi, Illustrated Elsevier Health Sciences

A moving memoir of an inexplicable crime, a family's loss, and a legacy preserved. Kim Wall was a thirty-year-old Swedish freelance journalist with a rising career. Then, in the summer of 2017, she followed a story that led to an eccentric inventor in Copenhagen. Instead of writing the next day's headline, she'd become one. As the bizarre events of Kim's murder unfolded, the world watched in shocked disbelief. For Kim's distraught parents, Ingrid and Joachim, it was a devastating personal struggle. In the ensuing months, day by grueling day, they had to come to terms with their loss, process the global media attention, and endure the investigation and trial. In the end, they'd make certain that Kim would be seen not only as a victim but as a bright, funny, complicated, ethical, and selfless young woman--a loved and loving daughter, sister, fiancée, colleague, and friend. Kim Wall's life and promise may have been cut short, but everything she stood for lives on in this emotional memoir of braving the worst of days, moving forward, and never forgetting.

Any Groom Will Do Houghton Mifflin Harcourt

A pioneering physician reveals how childhood stress leads to lifelong health problems, and what we can do to break the cycle.

Hitler's Navy Cambridge University Press

Everything I Never Told You Little, Brown

The German Navy, both before the War and throughout the years of fighting, was heavily outnumbered by the navies of Great Britain and the United States; nonetheless, it proved to be serious thorn in the sides of its adversaries. The U-boat war in the North Atlantic threatened the very liberation of Europe, while the major warships posed a constant threat to the Allied shipping lanes. This important reference book is an indispensable guide to the ships, organisation, command and rank structure, and leaders of the Kriegsmarine, and helps explain why it was such a potent force. A detailed text, augmented by photos, maps and diagrams, studies the German Navy from the Treaty of Versailles to the collapse of the U-boat offensive and the demise of the Third Reich. After covering the background organisation and naval bases, the author gives detailed descriptions of all the classes of ship from the battleships to motor torpedo boats and minesweepers. The officers and sailors are covered along with their uniforms and awards and

insignia. Biographies of notable personalities and a chronology of the main naval events are included, as well as appendices and a select bibliography. Based on the author's 1979 title *The German Navy in World War Two*, this is a classic work of reference for a new generation of readers. *The Tale of Despereaux* Little, Brown

This edited volume provides the first ever comprehensive, international and multi-disciplinary review of the evidence regarding substance use and harms in people who cycle through prisons and jails. Grounded in solid evidence and a human rights framework, the text provides a roadmap for evidence-based reform

What a Fish Knows Bantam

"A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine"--Page [4] of cover.

Keys to Play John Wiley & Sons

NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 15 million copies sold, “a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature” (The New York Times Book Review). For years, rumors of the “Marsh Girl” have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

Underwater Dogs Scientific American / Farrar, Straus and Giroux

It's hard to argue with those who call the goblin shark the ugliest shark alive. A long, flat snout, needle-like teeth, and soft, pink flesh combine for a startling sight. The deep-sea dweller doesn't present itself often, leaving scientists to piece together facts a bit at a time. Young shark enthusiasts will love to join the exploration of this remarkable living fossil.

The Deepest Well Hachette UK

The "masterfully chilling" novel that inspired the hit AMC series (Entertainment Weekly). The men on board the HMS Terror — part of the 1845 Franklin Expedition, the first steam-powered vessels ever to search for the legendary Northwest Passage — are entering a second summer in the Arctic Circle without a thaw, stranded in a nightmarish landscape of encroaching ice and darkness. Endlessly cold, they struggle to survive with poisonous rations, a dwindling coal supply, and ships buckling in the grip of crushing ice. But their real enemy is even more terrifying. There is something out there in the frigid darkness: an unseen predator stalking their ship, a monstrous terror clawing to get in. “The best and most unusual historical novel I have read in years.” —Katherine A. Powers, *Boston Globe*

Textbook of Small Animal Emergency Medicine Little, Brown Books for Young Readers

The acclaimed debut novel by the author of *Little Fires Everywhere* and *Our Missing Hearts* “A taut tale of ever deepening and quickening suspense.” —O, the Oprah Magazine “Explosive . . . Both a propulsive mystery and a profound examination of a mixed-race family.” —Entertainment Weekly “Lydia is dead. But they don’t know this yet.” So begins this exquisite novel about a Chinese American family living in 1970s small-town Ohio. Lydia is the favorite child of Marilyn and James Lee, and her parents are determined that she will fulfill the dreams they were unable to pursue. But when Lydia’s body is found in the local lake, the delicate balancing act that has been keeping the Lee family together is destroyed, tumbling them into chaos. A profoundly moving story of family, secrets, and longing, *Everything I Never Told You* is both a gripping page-turner and a sensitive family portrait, uncovering the ways in which mothers and daughters, fathers and sons, and husbands and wives struggle, all their lives, to understand one another.

The Terror Ballantine Books

Morgan didn't mean to do anything wrong that day. Actually, she meant to do something right. But

her kind act inadvertently played a role in a deadly tragedy. In order to move on, Morgan must learn to forgive--first someone who did something that might be unforgivable, and then, herself. But Morgan can't move on. She can't even move beyond the front door of the apartment she shares with her mother and little brother. Morgan feels like she's underwater, unable to surface. Unable to see her friends. Unable to go to school. When it seems Morgan can't hold her breath any longer, a new boy moves in next door. Evan reminds her of the salty ocean air and the rush she used to get from swimming. He might be just what she needs to help her reconnect with the world outside. Underwater is a powerful, hopeful debut novel about redemption, recovery, and finding the strength it takes to face your past and move on.
