Elias Sparta, The Oracle of the Three Suns, Volume 1 Random House (NY)

This classic work by the Russian philosopher and literary theorist Mikhail Bakhtin (1895–1975) examines popular humor and folk culture in the Middle Ages and the Renaissance. One of the essential texts of a theorist who is rapidly becoming a major reference in contemporary thought, Rabelais and His World is essential reading for anyone interested in problems of language and text and in cultural interpretation.

Since its publication twenty years ago, Brian Massumi's pioneering *Parables for the Virtual* has become an essential text for interdisciplinary scholars across the humanities. Massumi views the body and media such as television, film, and the internet as cultural formations that operate on multiple registers

of sensation. Renewing and assessing William James's radical empiricism and Henri Bergson's philosophy of perception through the filter of the postwar French philosophy of Deleuze, Guattari, and Foucault, Massumi links a cultural logic of variation to questions of movement, affect, and sensation. Replacing the traditional opposition of literal and figural with distinctions between stasis and motion and between actual and virtual, Massumi tackles related theoretical issues by applying them to cultural mediums as diverse as architecture, body art, the digital art of Stelarc, and Ronald Reagan's acting career. The result is an intriguing combination of cultural theory, science, and philosophy that asserts itself in a crystalline and multifaceted argument. This twentieth anniversary edition includes a new preface in which Massumi situates the book in relation to developments since its publication and outlines the evolution of its main concepts. It also includes two short texts, "Keywords for Affect" and "Missed Conceptions about Affect," in which Massumi explicates his approach to affect in ways that emphasize the book's political and philosophical stakes.

As was the case with many from the region, Chief Gandaa I, the father of S.W.D.K. (Kum) Gandah owed his chiefship to the colonial administration. When the political system changed in the 1950s, the people who had received formal schooling from the colonials were able to profit, and most of the early members of parliament from northern Ghana were the sons of chiefs. Kum Gandah exemplifies this experience. His autobiography, *The Silent Rebel*, provides an insider account of early schools in northern Ghana and the first generation of African professionals, which they produced. It further relates experiences of the first generation of northern politicians, the early elections and the formation of the Northern Peoples? Party. The author's story involves the stories of his contemporaries who included the first minister from the north, the first leader of the opposition (S.D. Dombo) and the first and only president of northern origins, Hilla Limann. Jack Goody who edited the book provides an introduction. The work contains reproductions of original photographs taken in northern Ghana in the 1950s.

From bestselling and National Book Award-winning author M. T. Anderson comes the paperback reissue of a middle-grade adventure starring two of the most disarmingly deadpan boys you'll ever meet. When Brian and Gregory receive an invitation to stay at a distant relative's strange manse . . . well, they should know better than to go, but since this is a middle-grade adventure novel, they go anyway. Why not? Once there, they stumble upon *The Game of Sunken Places*, a board game that mirrors a greater game for which they have suddenly become players. Soon the boys are dealing with attitudinal trolls, warring

kingdoms, and some very starchy britches. Luckily, they have wit, deadpan observation, and a keen sense of adventure on their side.

Following a nuclear holocaust, Nathan Taylor and his family face grim choices in order to stay alive. Fleeing deadly radiation, plague and desperate men, Nathan, an army officer, leads his wife and their two teenage sons away from chaos and madness toward his ancestral home in Kentucky. Horrors lie in their path. From the prison struggling to maintain control of its inmates, to the desperadoes who enslave anyone who comes their way, even survival may cost Nathan his humanity...or that of his sons, Joshua and David. Nathan struggles to keep his family intact, but it requires making brutal choices. He wants to protect his sons, but knows they now must be deadly and cold at times. Nathan's home has been spared from the worst of the destruction, but a larger conflict over scarce resources erupts. For the survivors to have any chance they will have to fight and the desperate journey has transformed young Joshua and David into men called upon to lead and sacrifice. Torn between harsh realities, and wanting to hold onto fleeting childhoods, they are often conflicted and angry about the roles thrust upon them. Much will depend on how Nathan and his sons respond to a madman and his military regime seeking to conquer the fledgling community they are helping to build. *GLIMMER OF HOPE* is an epic tale of one family's endurance and triumph after tomorrow's apocalypse.

Dangerous Secrets at SUMMER HIGHTOWERS This work of fiction opens on a serious theme by delving back over the centuries to

the unspeakable slave trade of 18th century and describes how this played a significant part of the book. Of course man's inhumanity to man over the ages is never-ending and I'm appalled, as is the rest of the world, to the horrors of slavery, but please remember this book is fiction, not any part, storyline or characterisation were based on any one incident or truth but a figment of my over active imagination. Be assured this was written without the intention of minimizing the subject but maybe to highlight it in all its awfulness. It is the late seventeen hundreds and the captain of a slave ship snatches a child from a beach close to her village on the Gold Coast of West Africa. She is taken to Jamaica to fulfill an order given by an influential, white plantation owner who demands a new 'living' toy for his disabled daughter. Only weeks later, not able to understand or obey her new masters, she is punished and seriously hurt. Of no more use, she is handed to the black overseer, Jacob and his wife, Janna Hamilton, to take care of the little girl. Ode will eventually die of her injuries. The only thing the child had with her, is a small, animal skin pouch filled with broken shells and stones she had picked up from the sands close to her native village. It is the 1950's and a family migrates to England during the time of Windrush generation. Their daughter Erica marries and the couple settle in a seaside town in the north west. Ernie is determined his wife will have the best of everything and sets about turning their modest semi detached into a 'castle' fit for his queen. Fast forward to the present day, Erica, now a widow wants to find out more about her family's roots and hires the help of a young researcher, Laura Strite, to trace her ancestors. With her help, Erica finds out she is the direct descendent of the

Hamiltons. More digging and Erica and Laura find out about a small child who died at the hands of the plantation owner, and Erica discovers the animal pouch amongst some of her own parent's long forgotten things. Erica, discovering she has only months left, decides to go on a pilgrimage to Ghana, where the child had come from, and from there to the Republic of Congo, to try and retrace Hamilton's roots, by staying at a game reserve on the banks of the river.

Boaz: Kinsmen Redeemer-A Time To Break Silence! explores the role of men in our society, especially Christian men in providing for and protecting our women and children. The authors examine old ideas and beliefs about these roles. Is a Vashti type woman who challenges existing and current paradigms of agency and self-identity an "uppity-women" or a women of God who refused to participate in her own dehumanization, objectification or subjugation? Now is the time to break silence and to end violence and the abuse of women, and speak out against agendas that oppress women and girls, objectify females and deny their agency. We are to love our neighbor as ourselves. And who is our neighbor? Certainly the woman we see in distress in the streets, the women and girls caught up in civil wars and local uprisings, the runaways who finds themselves sold into sex slavery and trafficking, the female soldier assaulted by her commanding officer or fellow soldier; as well as our daughters and sisters who are daily disrespected. Our women and girls (as well as our boys) should be loved, not abused or oppressed. Content Summary Introduction: "A Time To Break Silence" -Struggle To End Violence Against Women and Sexual Assault Foreword: Bishop John R.

Bryant & Rev. Dr. Cecelia Williams-Bryant The Prefaces tell the personal stories of the authors' struggle against male chauvinism, misogyny, and philosophies of paternalism and patriarchy; and, their own activism towards the liberation and protection of our women and girls. Chapter 1: "Setting the Captives Free: Saving-Our Daughters. Our Sons. Ourselves" establishes the theoretical and theological framework for Boaz: Kinsman Redeemer-A TIME TO BREAK SILENCE! for identifying the problem(s) facing the communities of the descendants of enslaved and free Africans in the United States. The first chapter asks: What is the role of men in the struggle to eradicate violence against women? And what does it take for men to be allies and interveners rather than predators? It sets forth the definition and characteristics of the Boaz Model. Chapter 2: "Queen Vashti-Angry Women Who Don't Know Their Place" asks: What is the role and place of women in our society as well as in the Church? The chapter focuses on agency of women that is the capacity of the agent to act. Not to be confused with individualism or selfish indulgence. Chapter 3: "I have Told The Men Not To Touch You-Destroying Strongholds of Chauvinism and Misogyny" focuses on statutory rape and subjugation of our girls, young women and women. The authors look at trafficking and sexual assault in wars, civil uprising and in the privacy of our homes and intimate relationships, as methods of control. They challenge societal and social ideologies and beliefs in male domination that are egregiously located in misogynistic perspectives. Chapter 4: "Save Our Sons-Angry, Aggressive, and Depressed; Conspiring Against Black Boys Globally and Locally" focuses on men of color and especially Black boys, including the rape and militarization / gangsterization

of Black boys globally and locally. Boaz examines the external enemy as well as the enemy within. Save Our Sons asks the question: "what does it take for men to take their Christian role and responsibility as leaders in their households, communities and churches and not be steeped in male chauvinism but be respectful of the unique roles of men (and women) in our society. Chapter 5: "I Am Not A Prisoner of My Past: From Rahab to Ruth; Prostitute to Pole Dancer; and, From Amnon & Jonahab to Boaz and Christ-Redeemed, Forgiven, and Delivered" is about redemption, forgiveness and salvation. The challenge is for men to take on a new character going beyond their pasts; reaffirming Boaz: The Kinsman Redeemer and Jesus. Conclusion: Interventions of Action-From Silent to Redeemed. Bring a spiritual eye and presence to the reading of this book to change lives, and set the captives free!

 Many boys today are in silent crisis. As the bestselling *Reviving Ophelia* took us into the world of girls, this groundbreaking AudioBook takes us into the private worlds of boys and shows how they can be raised to become happier, more successful men. Many boys today are in trouble, either overtly (problems with drugs, or violence, or at school) or covertly (feelings of loneliness, isolation, disconnection, and despair). This AudioBook explains why -- and also tells how we can rescue boys and help them become more confident and expressive men. William Pollack illuminates the daily lives of boys and lets us understand what they are really thinking and feeling. Based on a study just completed, this AudioBook explores why many boys experience sadness and how conventional expectations about manhood and masculinity encourage people to treat boys like "little men", raising them through a toughening process that drives their true emotions underground. Pollack explains what all of us can do to foster the healthy development of boys in various stages from infancy through the teenage years, and he addresses a wide range of topics -- school, drugs, alcohol, sports, girls, depression, divorce, and more. After you listen to this AudioBook, you will see every boy in a new way.

The first comprehensive overview of the innovative new discipline

of global history Until very recently, historians have looked at the past with the tools of the nineteenth century. But globalization has fundamentally altered our ways of knowing, and it is no longer possible to study nations in isolation or to understand world history as emanating from the West. This book reveals why the discipline of global history has emerged as the most dynamic and innovative field in history—one that takes the connectedness of the world as its point of departure, and that poses a fundamental challenge to the premises and methods of history as we know it. *What Is Global History?* provides a comprehensive overview of this exciting new approach to history. The book addresses some of the biggest questions the discipline will face in the twenty-first century: How does global history differ from other interpretations of world history? How do we write a global history that is not Eurocentric yet does not fall into the trap of creating new centrism? How can historians compare different societies and establish compatibility across space? What are the politics of global history? This in-depth and accessible book also explores the limits of the new paradigm and even its dangers, the question of whom global history should be written for, and much more. Written by a leading expert in the field, *What Is Global History?* shows how, by understanding the world's past as an integrated whole, historians can remap the terrain of their discipline for our globalized present.

In this searing polemic, Lee Edelman outlines a radically uncompromising new ethics of queer theory. His main target is

the all-pervasive figure of the child, which he reads as the linchpin of our universal politics of “reproductive futurism.” Edelman argues that the child, understood as innocence in need of protection, represents the possibility of the future against which the queer is positioned as the embodiment of a relentlessly narcissistic, antisocial, and future-negating drive. He boldly insists that the efficacy of queerness lies in its very willingness to embrace this refusal of the social and political order. In *No Future*, Edelman urges queers to abandon the stance of accommodation and accede to their status as figures for the force of a negativity that he links with irony, jouissance, and, ultimately, the death drive itself. Closely engaging with literary texts, Edelman makes a compelling case for imagining Scrooge without Tiny Tim and Silas Marner without little Eppie. Looking to Alfred Hitchcock’s films, he embraces two of the director’s most notorious creations: the sadistic Leonard of North by Northwest, who steps on the hand that holds the couple precariously above the abyss, and the terrifying title figures of *The Birds*, with their predilection for children. Edelman enlarges the reach of contemporary psychoanalytic theory as he brings it to bear not only on works of literature and film but also on such current political flashpoints as gay marriage and gay parenting. Throwing down the theoretical gauntlet, *No Future* reimagines queerness with a passion certain to spark an equally impassioned debate among its readers.

Poetry. "Earl S. Braggs' poems twist and wind through cities and streets, celebrating ordinary people and historical figures alike. He is generous enough to let them live in their own telling details, without bias. Like Whitman, he finds occasions for song everywhere. Elias Sparta is struck by lightning while the sky is clear. By the will of Zeus, the god of thunder, he finds himself in Ephoria, a strange and unknown world. As soon as he arrives, he is confronted with the disagreeable Antares, the king's son, but also discovers Sandros, who will become his friend. Elias goes from surprise to surprise when he learns that he is one of the three chosen ones, just like Sandros who has a rather special gift and Auxane, the apprentice priestess. Zeus's chosen ones will therefore have to accomplish the oracle of the three suns and restore sight to the ancestral dragons. Breaking the Silence of Bullying is a play for educators and community leaders written to ignite a discussion about bullying. Each of its three acts illustrates examples of bullying endured by Cheryl, a middle school student struggling with the loss of her mother at home and the cruelty of one particular boy, Wallace, at school. Wallace's sidekick is Vernon, who serves as a cheerleader for Wallace's intimidating behaviors. Finally, the play gives us a look at the tragic home life of Wallace, who bears the brunt of his father's pain and anger due to the mother's abandonment of the family. Confused and abused, Wallace and Cheryl both make a reckless decision in an attempt to resolve their silent heartbreak.
