 Essay from the year 2020 in the subject Business economics - Offline Marketing and Online Marketing, grade: 1,7, University of Applied Sciences Essen, language: English, abstract: Success - a

catchphrase that plays a significant role in today's society. Since success must be visible nowadays and the diligence behind it has lost importance, many entrepreneurs are under very high pressure to perform. They are therefore faced with high challenges that they have to overcome. One of the challenges is to increase the value of the company, so every entrepreneur must be clear about how much the respective company is worth. In order to run a company successfully and to achieve success automatically, it is of particular importance for company managers to have a comprehensive understanding of the functional processes of the company. In order to understand these extremely important functional processes, there is the so-called "Business Model Canvas", which can help to better understand. The Business Model Canvas acts as a planning tool, for designing new business models or for revising older business models. The planning tool was developed by Alexander Osterwalder. The concept was first introduced in the book "Business Model Generation: A Handbook for Visionaries, Game Changers, and Challengers", written

by Osterwalder and co-author Yves Pigneur. In the meantime, the book has even become a bestseller, which of course speaks for the concept. The main target group of the literature are entrepreneurs, whose aim is to bring their ideas to the market as innovative, competitive projects. In the further course of this work, the Business Model Canvas will first be defined in detail and its functionality will be explained. Then another planning tool is introduced called "Marketing Mix". This is also defined and its procedure is described. This detailed description of both tools is very important to understand their connection. The last section serves to explain why the business model canvas is a tool for creating the marketing mix.

O método de uma página para reinventar sua carreira e a si mesmo O best-seller mundial Business Model Generation: Inovação em Modelos de Negócios introduziu uma maneira visual única para resumir e criativamente debater qualquer negócio ou ideia de produto em uma única folha de papel. Business Model You: O Modelo de Negócios Pessoal usa o mesmo método poderoso de uma página para ensinar aos leitores como desenhar "modelos de negócios pessoais", que revelam novas formas de suas habilidades serem adaptadas às necessidades de mudança do mercado para revelar novas e mais gratificantes possibilidades na carreira e na vida. Produzido pela mesma equipe que criou o Business Model Generation, este livro é baseado na

metodologia Business Model Canvas, que rapidamente se tornou referência mundial quando se fala de inovação. Este livro mostra ao leitor como: - Compreender o pensamento do modelo de negócios e desenhar o seu atual modelo de negócio pessoal. - Posicionar o valor de sua habilidade no mercado e definir o seu propósito. - Articular um plano para mudança. - Criar um novo modelo de negócio pessoal harmonizado com este plano para mudança e - mais importante - a testar e a implementar esse novo modelo. - Criar um novo e efetivo modelo de negócio para a sua vida e a sua carreira. Apresentação à edição brasileira: É com grande alegria que apresentamos a edição brasileira do Business Model You. Este tema tem transformado nossas vidas, nos proporcionado o conhecimento de novos amigos, estabelecido novos marcos e ampliado o campo das possibilidades. A produção do conteúdo do Business Model You: O Modelo de Negócios Pessoal teve origem em uma comunidade via internet (www.businessmodelyou.com) que reuniu os principais autores do Business Model Generation, Alexander Osterwalder e Yves Pigneur, e, com a iniciativa de Tim Clark,

gerou um produto direcionado para auxiliar pessoas a pensarem em suas vidas. A iniciativa reuniu 328 profissionais em 43 países. Em tempos de mudanças frenéticas, as organizações têm se deparado com concorrências antes não imaginadas, decorrentes da inovação e da globalização. Diante desse quadro, as empresas passam a contratar pessoas dentro de projetos para trabalhar por resultados e não mais por atividade, e os profissionais tornam-se empresários de si próprios. Ao mesmo tempo, amplia-se a necessidade do cultivo de uma visão empreendedora por parte dos profissionais, quer seja a sua própria carreira, quer seja a sua posição dentro do contexto organizacional. Passamos a nos engajar em empreendimentos originados por boas ideias, que geram bons projetos e que devem ser pautados pela ética para que consigam decolar dentro deste mercado complexo e competitivo. A antiga forma das relações de trabalho, que tantas vezes provocaram ansiedade nas pessoas por ser o eixo no qual se organizava a vida associativa começa a ter um fim, abrindo espaço para novas possibilidades de relacionamento da vida humana

organizada. Então, como ser diferente dentro do quadro que se apresenta para as pessoas que se agrupam em torno de um objetivo comum? Como despertar a visão empreendedora dos futuros líderes que comandarão esta sociedade em mudanças? Como resgatar o senso de ética em nossos empreendedores? Como educar os nossos jovens para essa visão desafiadora da vida? Estas têm sido algumas das perguntas que nos têm motivado nos últimos anos, promovendo uma oportunidade ou espaço que estimule a autorreflexão, a formação do caráter, o cultivo de valores, o desenvolvimento do nível de consciência que formam cidadãos empreendedores e comprometidos. Vemos alguns sentimentos predominarem entre muitos profissionais que necessitam de um apoio em sua carreira ou negócios: medo, dúvida ou descrença ocorrem eventualmente. E o que precisamos é despertar a confiança. Quando o padrão de comportamento vigente é o medo, a energia resultante é de competição e o relacionamento interpessoal é superficial, conseqüentemente, a evolução das pessoas acontece de forma isolada. Por sua vez, se o padrão for de confiança, a

energia reinante será de colaboração e ocorre a coevolução entre as pessoas. O mundo está passando por constantes mudanças, onde todos os valores estão sendo questionados. Por um lado, temos uma corrida pela cultura globalizada, o ser melhor, a missão de competir e de ganhar sempre. Do outro, temos a visão de uma aldeia humana, onde resgatamos nossos valores, importando realmente o brilho de cada um, a sua contribuição e prevalecendo a colaboração. O Business Model You é um convite para que as pessoas desenvolvam uma nova percepção para o entendimento da vida em sociedade e o papel que lhes é atribuído. Não são receitas ou fórmulas de autoajuda, mas uma descoberta de processo de autorreflexão com resultados que vão além do que se pode prever. Por exemplo: o hidrogênio é inflamável, o oxigênio é respirável. Quando juntamos H e O, temos a água que é “bebível”, correspondendo a uma propriedade nova, inesperada, inexplicável a partir de “inflamável” ou “respirável”. Quando juntamos diferentes olhares, um novo olhar surgirá inesperado e inexplicável. Assim é a vida. O Business Model You abre

essa possibilidade de encontrar outras fórmulas para a vida das pessoas. Cruzar especialidades e conhecimentos e descobrir novos significados, de uma forma simples e direta, divertida e inteligente. Diferente de outros livros voltados à orientação vocacional ou de carreira, este livro proporciona o pensamento visual e resgata a cor e o lúdico para as pessoas. Esperamos sinceramente que ele possa ser tão significativo para quem o ler, assim como foi para nós participar do seu processo de cocriação. Desejamos a todos uma ótima leitura!
