The bible of B-movies is back--and better than ever! From Abby to Zontar, this book covers more than 9,000 amazing movies--from the turn of the century right up to today's Golden Age of Video--all described with Michael Weldon's dry wit. More than 450 rare and wonderful illustrations round out this treasure trove of cinematic lore--an essential reference for every bad film fan.

The Retaliation You Deliver Macmillan

When something seems too good to be true. It's usually because it is. A lesson I learned the hard way. Every single fear I had about falling for Leon, has just come true in the most brutal way. The sweet guy act he's been putting on the past few weeks is over. The cold, hard truth is... he never wanted me. He only wanted retaliation. And like a fool, I played right into his wicked scheme. But I'm not the monster he thinks I am. Ten years ago, I might have discovered the horrifying truth, but I did the only thing I could. I pushed it down and tried to forget. Tried to survive. Afraid of what might happen at the hands of the monster who ruined both our lives. But now the truth is out, and the secret Leon has been keeping for a decade is about to poison those he loves, sending him into a darker place than he's ever been. Healing isn't always easy, it's messy and painful. The question is, beneath all the hate, will I rediscover the man I fell for, or was he always a fantasy? Dear Reader, *The Retaliation You Deliver* is the conclusion to Macie and Leon's duet and the final book in the Maddison Kings University. It's a dark bully romance that contains mature content and demanding alphaholes that some readers may find disturbing. You have been warned.

The Psychotronic Video Guide To Film Routledge

The dictatorship of Rafael Trujillo, who ruled the Dominican Republic from 1930 until his assassination in 1961, was one of the longest and bloodiest in Latin American history. The Dictator's Seduction is a cultural history of the Trujillo regime as it was experienced in the capital city of Santo Domingo. Focusing on everyday forms of state domination, Lauren Derby describes how the regime infiltrated civil society by fashioning a "vernacular politics" based on popular idioms of masculinity and fantasies of race and class mobility. Derby argues that the most pernicious aspect of the dictatorship was how it appropriated quotidian practices such as gossip and gift exchange, leaving almost no place for Dominicans to hide or resist. Drawing on previously untapped documents in the Trujillo National Archives and interviews with Dominicans who recall life under the dictator, Derby emphasizes the role that public ritual played in Trujillo's exercise of power. His regime included the people in affairs of state on a massive scale as never before. Derby pays particular attention to how events and projects were received by the public as she analyzes parades and rallies, the rebuilding of Santo Domingo following a major hurricane, and the staging of a year-long celebration marking the twenty-fifth year of Trujillo's regime.

She looks at representations of Trujillo, exploring how claims that he embodied the popular barrio antihero the tiguere (tiger) stoked a fantasy of upward mobility and how a rumor that he had a personal guardian angel suggested he was uniquely protected from his enemies. The Dictator's Seduction sheds new light on the cultural contrivances of autocratic power.

Smutty Little Movies Hal Leonard Corporation

From cinema's silent beginnings, fashion and interior design have been vital to character development and narrative structure. Despite spectacular technological advancements on screen, stunning silhouettes and striking spaces still have the ability to dazzle to dramatic effect. This book is the first to consider the significant interplay between fashion and interiors and their combined contribution to cinematic style from early film to the digital age. With examples from Frank Lloyd Wright inspired architecture in Hitchcock's *North by Northwest*, to Coco Chanel's costumes for *Gloria Swanson* and a *Great Gatsby* film-set turned Ralph Lauren flagship, *Cinematic Style* describes the reciprocal relationship between these cultural forms. Exposing the bleeding lines between fashion and interiors in cinematic and real-life contexts, Berry presents case studies of cinematic styles adopted as brand identities and design movements promoted through filmic fantasy. Shedding light on consumer culture, social history and gender politics as well as on fashion, film and interior design theory, *Cinematic Style* considers the leading roles domestic spaces, quaint cafes, little black dresses and sharp suits have played in 20th and 21st-century film.

For years I've kept my secrets. Kept the darkest, most twisted parts of myself buried from everyone around me. My need to destroy those responsible for tainting my life, ruining the person I was, the person I could've been, burns hotter with every passing day. And when I finally get the chance to confront one and

unleash the monster he turned me into, I walk straight into the other. The one who haunts my nightmares. The girl who torments me relentlessly. The angel who could have saved me... but damned me instead. It's my turn to use her. As bait. Instead of leading me to destruction, this time she's leading me to the source of my torture. She might not remember me from all those years ago, but one thing is for sure, by the time I'm done, she won't be able to forget who I am. Once and for all she will understand the pain she caused. Because one way or another, I'm going to reap devastation on those who wronged me. Starting with Macie. Dear Reader, TDYR is the sixth book in my Maddison Kings University series and the first book in Leon's duet. It's a dark bully romance that contains mature content and demanding alphaholes that some readers may find disturbing. You have been warned.

Irish Modernism and the Global Primitive Arte Publico Press
In the late 1970s, the adult film industry began the transition from celluloid to home video. *Smutty Little Movies* traces this change and examines the cultural and legal efforts to regulate, contain, limit, or eradicate pornography. Drawing on a wide variety of materials, *Smutty Little Movies* de-centers the film text in favor of industry histories and contexts. In so doing, the book argues that the struggles to contain and regulate pleasure represent a primary starting point for situating adult video's place in a larger history, not just of pornography, but of media history as a whole.

Distributors Univ of California Press

This book scrutinizes the way modern Irish writers exploited or surrendered to primitivism, and how primitivism functions as an idealized nostalgia for the past as a potential representation of difference and connection.

San Antonio Rose Texas Tech University Press

This comprehensive film guide lists the screen credits and provides synopses of more than 5,400 silent western features, documentaries, shorts and serials released from the 1890s through 1930. These westerns came from both the major and lesser known American film studios, many long defunct. Four appendices include a list of all the serials included in the book, a list of all the northern westerns, a list of the titles and stars of the major western series, and a list of the important western epics. The work is completed with an actor/director/screenwriter index.

Odalisca Hal Leonard Corporation

Makes a case for employing a Hegelian framework in defense of a number of controversial feminist claims and argues not only for the importance of Hegel for feminist thought but also for the significance of feminism in clarifying and developing key Hegelian ideas.

"[Kellerman] does for the American cop what P. D. James has done for the British mystery, lifting it beyond its genre."

—Richmond Times-Dispatch "No one working in the crime genre is better." —Baltimore Sun In *Gun Games*, the sensational Faye Kellerman once again showcases Peter Decker of the LAPD and Rina Lazarus, arguably the most popular husband and wife team in contemporary crime fiction. A rash of shocking adolescent suicides at an elite Los Angeles private school is at the heart of this gripping thriller that also focuses on the troubled teen Decker and Lazarus have brought into their home: Gabriel Whitman, the son of a psychopath. Herself one-half of one of noir fiction's true "power couples"—along with her husband, acclaimed mystery writer Jonathan Kellerman—Faye Kellerman once again demonstrates how American police procedural writing is done to perfection with *Gun Games*.

As a leisure guide, *TEXAS MONTHLY* continues to be the indispensable authority on the Texas scene, covering music, the arts, travel, restaurants, museums, and cultural events with its insightful recommendations.

El Basuresco Mundo del Espectaculo Independently Published

From the beginning of the sound era until the end of the 1930s, independent movie-making thrived. Many of the independent studios were headquartered in a section of Hollywood called "Poverty Row." Here the independents made movies on the cheap, usually at rented facilities where shooting was limited to only a few days. From Allied Pictures Corporation to Willis Kent Production, 55 Poverty Row Studios are given histories in this book. Some of the studios, such as Diversion Pictures and Crescent Pictures, came into existence for the sole purpose of releasing movies by established stars. Others, for example J.D. Kendis, were early exploitation filmmakers under the guise of sex education. The histories include critical commentary on the studio's output and a filmography of all titles released from 1929 through 1940.

A Guide to Silent Westerns Harper Collins

Since the early 1990s, tens of thousands of memoirs by celebrities and unknown people have been published, sold, and read by millions of American readers. The memoir boom, as the explosion of memoirs on the market has come to be called, has been welcomed, vilified, and dismissed in the popular press. But is there really a boom in memoir production in the United States? If so, what is causing it? Are memoirs all written by narcissistic hacks for an unthinking public, or do they indicate a growing need to understand world events through personal experiences? This study seeks to answer these questions by examining memoir as an industrial product like other products, something that publishers and booksellers help to create. These popular texts become part of mass culture, where they are connected to public events. The genre of memoir, and even genre itself, ceases to be an empty classification category and becomes part of social action and consumer culture at the same time. From James Frey's controversial *A Million Little Pieces* to memoirs about bartending, Iran, the liberation of Dachau, computer hacking, and the impact of 9/11, this book argues that the memoir boom is more than a publishing trend. It is becoming the way American readers try to understand major events in terms of individual experiences. The memoir boom is one of the ways that citizenship as a category of belonging between private and public spheres is now articulated.

Gun Games Greenwood Publishing Group

"This sociology of deviance textbook draws on up-to-date

scholarship across a spectrum of deviance categories, providing a symbolic interactionist analysis of the deviance process. The book addresses positivistic theories of deviant behavior within a more encompassing description of the deviance process that includes the work of deviance claims-makers, rule-breakers, and social control agents. Cross-cultural and historical treatment of deviance categories provides background for understanding current conceptions of, and responses to, deviance. The book is divided into four parts. Section One introduces students to the sociology of deviance. A sociological approach to deviance is contrasted with popular views of deviants as demonic, mentally ill, and culturally exotic. Sociological methods for studying deviance are described, with particular emphasis on deviance ethnography. Classic positivistic theories of deviant behavior are presented with critique and discussion of revised formulations of the theories. The symbolic interactionist/constructionist approach is presented as a recursive set of processes involving deviance claims-making by moral entrepreneurs, rule-breaking, actions of social control, and stigma management and resistance by those labelled as deviant. Section Two focuses on high consensus

criminal deviance, with chapters on murder, rape, street-level property crime, and white collar crime. Chapters in Section Three addresses various forms of lifestyle deviance, including alcohol abuse, drug abuse, and sex work. Section Four examines three categories of status deviance: mental illness, obesity and eating disorders, and LGBTQ identities."--Provided by publisher.

In Search of American Jewish Culture Univ of California Press From the regional bands of the 1930s and 1940s to the impact of Elvis Presley on the musicians and singers of the 1950s, *Prairie Nights to Neon Lights* takes us inside the heart of West Texas music.
